EDUCATION

Vellore Institute of Technology, Bhopal

B.Tech in Computer Science & Engineering (Specialization: AI & ML)

November 2023 – Present (Expected: July 2027)

CGPA: 8.20/10

The Tribhuvan School, Patna, Bihar

Higher Secondary Certificate – 81%

June 2023

The Tribhuvan School, Patna, Bihar

Secondary School Certificate – 85%

June 2021

TECHNICAL SKILLS

Programming Languages: C++, Python, SQL

Machine Learning & AI: scikit-learn, TensorFlow, Deep Learning (LSTM, RNN), Time Series Forecasting, Natural Language Processing.

Generative AI & LLMs: LangChain, RAG (Retrieval-Augmented Generation), Multi-Agent Systems, OpenAI/GPT, Google Gemini, Prompt Engineering, Vector Databases (FAISS, ChromaDB).

Data Science & Visualization: Pandas, NumPy, Matplotlib, Seaborn, Plotly, EDA, Feature Engineering.

Web Frameworks & Deployment: Flask, Django, FastAPI, React.js, Streamlit Community Cloud, Render

Databases & Tools: MySQL, GitHub, MongoDB, AWS (S3, EC2), REST APIs

EXPERIENCE

Labmentix | AI ML Intern

May 2026 – July 2026

- Led full project lifecycle from requirements gathering to deployment, delivering 3 production-ready AI projects within 2-month internship
- Built LSTM and RNN models achieving **94% R² score** for time-series forecasting on 5,000+ trading day sequences
- Developed Multi-Agent AI system with RAG pipeline and LLM integration (OpenAI/GPT, Gemini) achieving **92% intent detection accuracy**
- Engineered data pipelines including EDA, Feature Engineering, Regression modeling, and Hyperparameter Tuning using Scikit-learn
- Deployed 3 end-to-end web applications with real-time prediction capability and **sub-second inference latency**
- Implemented FAISS and ChromaDB vector databases for **60% faster** semantic search and information retrieval

PROJECTS

Tesla Stock Price Forecasting | Python, TensorFlow, Keras, Streamlit, scikit-learn, Pandas

March 2026 – April 2026

- Developed LSTM and SimpleRNN deep learning models to forecast Tesla (TSLA) adjusted-close stock prices using 60-day sliding window sequences for time-series prediction.
- Engineered a comprehensive preprocessing pipeline including MinMaxScaler normalization, lag-based feature engineering, and train-test split validation for robust model training.
- Achieved **94% R² score** with SimpleRNN, outperforming LSTM's **91%** in this specific configuration, with **RMSE of 2.45 and MAE of 1.87** on test data across **5,000+ trading day sequences**.
- Deployed an end-to-end interactive web application using Streamlit, featuring dynamic Plotly/Matplotlib visualizations and real-time prediction capability with sub-second inference latency.

Shopper Spectrum | Python, Pandas, NumPy, Scikit-learn, Streamlit, Plotly

May 2026 – June 2026

- Developed an end-to-end customer intelligence platform using unsupervised machine learning to segment e-commerce customers and deliver personalized product recommendations.
- Engineered RFM (Recency, Frequency, Monetary) analysis pipeline with K-Means clustering, successfully identifying 4 distinct customer segments: High-Value, Regular, Occasional, and At-Risk shoppers.
- Implemented Item-based Collaborative Filtering for product recommendations, achieving **90%+ similarity accuracy** across **5,000+ unique products** and **5,00,000+ transaction records**.
- Deployed an interactive Streamlit dashboard featuring real-time customer segmentation predictions, product recommendation search, and visual analytics for business stakeholders.

CERTIFICATIONS

Microsoft SC-900 (Microsoft Security, Compliance, Identity)

Microsoft

June 2025

Google IT Support

Google

Feburary 2026

EXTRA-CURRICULAR

- Technical Competitions: Active competitive programmer (**LeetCode, CSES Problem Set**) and hackathon participant.
- Co-authored ”AGRI-PREDICT: AI-Driven Framework for Crop Price Forecasting using ML & Time-Series Analysis” published in IJIRT. | [Research Paper Link](#) |
- ServiceNow Virtual Internship (SmartBridge + AICTE) | May 2026 - Completed 8+ modules including ServiceNow Administration, Agentic AI, Automated Test Framework (ATF), Reports, and CSA Exam Prep. | [Certificate of Completion](#) |
